

Each title is followed by a code that designates the article's category. The categories used in this volume are listed below.

Chaque titre est suivi d'un code qui indique dans quelle catégorie l'article appartient. Les catégories utilisées dans ce volume sont les suivantes.

**Continuing Medical Education • Formation médicale continue (CME)**  
**Correspondence • Correspondance (C)**  
**Editorial • Éditorial (E)**  
**Research • Recherche (Res)**  
**Quill on Scalpel • Plume et scalpel (QS)**  
**Review • Revue (Rev)**  
**Supplement • Supplément (Suppl)**

**Subjects • Sujets**

**–A–**

**Abdominal pain**

Impact of computed tomography of the abdomen on clinical outcomes in patients with acute right lower quadrant pain: a meta-analysis (Krajewski and others) (Res) 43

**Abstracts**

Bethune Round Table 2011. 11th Annual Conference: Clinical Care in Context, 422  
 Canadian Society for Vascular Surgery 2011 Annual Meeting, 407  
 Canadian Society of Surgical Oncology Seventeenth Annual Scientific Meeting, 209  
 Canadian Surgery Forum, Aug. Suppl

**Academic medical centres**

Innovation as the core strategy for the future success of academic health centres (Wright and others) (QS) 150

**Acetic acid**

Vitamin E has a dual effect of anti-inflammatory and antioxidant activities in acetic acid-induced ulcerative colitis in rats (Tahan and others) (Res) 333

**Adenocarcinoma**

Management of pancreatic adenocarcinoma in Ontario, Canada: a population-based study using novel case ascertainment (Borgida and others) (Res) 54

**Afghan campaign 2001-**

Canadian Forces trauma care system, The (Tien) (Suppl) S8  
 Introduction au supplément sur les Forces canadiennes et la chirurgie en temps de guerre (Tien) (Suppl) S5  
 Introduction to the Canadian Forces supplement on war surgery (Tien) (Suppl) S4  
 Lessons learned from the war in Afghanistan: a commander's perspective (Jung) (Suppl) S6  
 Physical rehabilitation following polytrauma. The Canadian Forces Physical Rehabilitation Program 2008–2011 (Besemann) (Suppl) S31  
 Psychiatric lessons learned in Kandahar (Jetly) (Suppl) S38  
 Role 3 Multinational Medical Unit at Kandahar Airfield 2005–2010, The (Brisebois and others) (Suppl) S20  
 Tactical Combat Casualty Care in the Canadian Forces: lessons learned from the Afghan war (Savage and others) (Suppl) S14  
 Utilization profile of the trauma intensive care unit at the Role 3 Multinational Medical Unit at Kandahar Airfield between May 1 and Oct. 15, 2009 (Shah and others) (Suppl) S26

**Ambulatory surgery**

Ambulatory treatment of chronic pilonidal sinuses with lateral incision and primary suture (Maghsoudi and others) (Res) 78

**Anastomotic leak**

Case series. Laparoscopic colostomy reversal after a Hartmann procedure: a prospective series, literature review and an argument against laparotomy as the primary approach (Huynh and others) (CME) 133

**Antibacterial agents**

Antibiotics versus appendectomy in the management of acute appendicitis: a review of the current evidence (Fitzmaurice and others) (Res) 307  
 pediatric surgeon's 35-year experience with pilonidal disease in a Canadian children's hospital, A (Nasr and Ein) (Res) 39

**Antibiotic prophylaxis**

CAGS and ACS Evidence Based Reviews in Surgery. 37. Is there a role for prophylactic antibiotics in the prevention of urinary tract infections following Foley catheter removal in patients having abdominal surgery? (Cutter and others) (CME) 206

**Anticoagulants**

Impact of venous thromboembolism on clinical management and therapy after hip and knee arthroplasty (Fisher) (Rev) 344  
 Randomized controlled trial to investigate the impact of anticoagulation on the incidence of splenic or portal vein thrombosis after laparoscopic splenectomy (Wang and others) (Res) 227

**Appendectomy**

Antibiotics versus appendectomy in the management of acute appendicitis: a review of the current evidence (Fitzmaurice and others) (Res) 307  
 Impact of computed tomography of the abdomen on clinical outcomes in patients with acute right lower quadrant pain: a meta-analysis (Krajewski and others) (Res) 43

**Arthritis, rheumatoid**

Average 10.1-year follow-up of cementless total knee arthroplasty in patients with rheumatoid arthritis (Woo and others) (Res) 179

**Arthroplasty**

electronic clinic for arthroplasty follow-up: a pilot study, An (Wood and others) (Res) 381

**Arthroplasty, replacement, hip**

Impact of venous thromboembolism on clinical management and therapy after hip and knee arthroplasty (Fisher) (Rev) 344  
 Radiographic assessment of uncemented total hip arthroplasty: reliability of the Engh Grading Scale (Muir and others) (Res) 185  
 Timing of femoral prosthesis insertion during cemented arthroplasty: cement curing and static mechanical strength in an in vivo model (Hunt and others) (Res) 33

**Arthroplasty, replacement, knee**

Average 10.1-year follow-up of cementless total knee arthroplasty in patients with rheumatoid arthritis (Woo and others) (Res) 179  
 Impact of venous thromboembolism on clinical management and therapy after hip and knee arthroplasty (Fisher) (Rev) 344

**–B–**

**Back pain**

Effect of increased MRI and CT scan utilization on clinical decision-making in patients referred to a surgical clinic for back pain (Li and Yen) (Res) 128

**Bariatric surgery**

Bariatric surgery in Canada — bridging the gap (Cobourn) (QS) 152  
 Comparison of public and private bariatric surgery services in Canada (Martin and others) (Res) 154  
 Complications associated with adjustable gastric banding for morbid obesity: a surgeon's guide (Eid and others) (Rev) 61

**Barrett esophagus**

CAGS and ACS Evidence Based Reviews in Surgery. 38. Guidelines for the management of Barrett esophagus with high-grade dysplasia? (Henteleff and others) (CME) 352

**Biliopancreatic diversion**

Resolution of diabetes mellitus by ileal transposition compared with biliopancreatic diversion in a nonobese animal model of type 2 diabetes (Zhang and others) (Res) 243

**Biopsy, fine-needle**

Incidental thyroid "PETomas": clinical significance and novel description of the self-resolving variant of focal FDG-PET thyroid uptake (Nishimori and others) (Res) 83

**Blood grouping and crossmatching**

Uncrossmatched blood transfusions for trauma patients in the emergency department: incidence, outcomes and recommendations (Ball and others) (Res) 111

**Blood loss, surgical**

Hand-assisted laparoscopic splenectomy versus open splenectomy for massive splenomegaly: 20-year experience at a Canadian centre (Swanson and others) (Res) 189

**Blood transfusion**

Uncrossmatched blood transfusions for trauma patients in the emergency department: incidence, outcomes and recommendations (Ball and others) (Res) 111

**Bone cements**

Average 10.1-year follow-up of cementless total knee arthroplasty in patients with rheumatoid arthritis (Woo and others) (Res) 179

Radiographic assessment of uncemented total hip arthroplasty: reliability of the Engh Grading Scale (Muir and others) (Res) 185

**Bone transplantation**

Anatomically safe and minimally invasive transcristal technique for procurement of autogenous cancellous bone graft from the mid-iliac crest (Missiuna and others) (Res) 327

**Breast neoplasms**

Factors that determine whether a patient receives completion axillary lymph node dissection after a positive sentinel lymph node biopsy for breast cancer in British Columbia (Aslani and others) (Res) 237

Mammoplasty for symmetry in breast reconstruction and histologic assessment (Horo and others) (Res) 201

Meta-analysis of sentinel lymph node biopsy at the time of prophylactic mastectomy of the breast (Zhou and others) (Res) 300

–C–

**CAGS and ACS Evidence Based Reviews in Surgery**

36. Effect of high perioperative oxygen fraction on surgical site infection (Kirkpatrick and others) (CME) 67

37. Is there a role for prophylactic antibiotics in the prevention of urinary tract infections following Foley catheter removal in patients having abdominal surgery? (Cutter and others) (CME) 206

38. Guidelines for the management of Barrett esophagus with high-grade dysplasia? (Henteleff and others) (CME) 352

39. Access to emergency operative care: a comparative study between the Canadian and American health care systems (Brown and others) (CME) 403

**Canadian Association of General Surgeons**

Canadian Association of General Surgeons statement on endoscopy (Reid and others) (QS) 295

**Canadian Society for Vascular Surgery**

Canadian Society for Vascular Surgery 2011 Annual Meeting 407

**Carcinoma, hepatocellular**

Foxp3+ regulatory T cells and the formation of portal vein tumour thrombus in patients with hepatocellular carcinoma (Shen and others) (Res) 89

**Carcinoma, papillary**

Diagnosis and surgical treatment of solid pseudopapillary neoplasm of the pancreas: analysis of 24 cases (Guo and others) (Res) 368

Incidental thyroid "PETomas": clinical significance and novel description of the self-resolving variant of focal FDG-PET thyroid uptake (Nishimori and others) (Res) 83

**Case series**

Early results of a Canadian laparoscopic sleeve gastrectomy experience (Behrens and others) (CME) 138

Laparoscopic colostomy reversal after a Hartmann procedure: a prospective series, literature review and an argument against laparotomy as the primary approach (Huynh and others) (CME) 133

Community experience of colonic stenting in patients with acute large bowel obstructions (Arya and others) (CME) 282

**Catheter-related infections**

CAGS and ACS Evidence Based Reviews in Surgery. 37. Is there a role for prophylactic antibiotics in the prevention of urinary tract

infections following Foley catheter removal in patients having abdominal surgery? (Cutter and others) (CME) 206

**Chemotherapy, adjuvant**

Management of pancreatic adenocarcinoma in Ontario, Canada: a population-based study using novel case ascertainment (Borgida and others) (Res) 54

**Clinical competence**

Assessing the impact of a 2-day laparoscopic intestinal workshop (Asano and others) (Res) 223

La compétence des chirurgiens en titre (Harvey) (E) 5

livres blancs du Collège royal : évaluation de la formation, Les (Harvey) (E) 149

Royal College white papers: assessment of training (Harvey) (E) 148

Staff surgeon competence (Harvey) (E) 4

Value of an objective assessment tool in the operating room (Hiemstra and others) (Res) 116

**Colitis, ulcerative**

Surgical management of ulcerative colitis: a comparison of Canadian and American colorectal surgeons (Richardson and others) (Res) 257

Vitamin E has a dual effect of anti-inflammatory and antioxidant activities in acetic acid-induced ulcerative colitis in rats (Tahan and others) (Res) 333

**Colonic diseases**

Case series. Community experience of colonic stenting in patients with acute large bowel obstructions (Arya and others) (CME) 282

**Colorectal neoplasms**

Information on the Internet about colorectal cancer: patient attitude and potential toward Web browsing. A prospective observational study (Sajid and others) (Res) 339

**Colostomy**

Case series. Laparoscopic colostomy reversal after a Hartmann procedure: a prospective series, literature review and an argument against laparotomy as the primary approach (Huynh and others) (CME) 133

**Compartment syndromes**

Compartment syndrome-induced microvascular dysfunction: an experimental rodent model (Lawendy and others) (Res) 194

**Conflict of interest**

Industry and evidence-based medicine: Believable or conflicted? A systematic review of the surgical literature (Bailey and others) (Res) 321

recherche financée par l'industrie, La (Harvey) (E) 294

Research funded by the industry (Harvey) (E) 293

**Contrast media**

Impact of Gastrografin in clinical practice in the management of adhesive small bowel obstruction (Srinivasa and others) (Res) 123

**Critical illness**

Effects of intra-abdominal pressure on liver function assessed with the LiMON in critically ill patients (Inal and others) (Res) 161

Impact of a specialized multidisciplinary tracheostomy team on tracheostomy care in critically ill patients (de Mestral and others) (Res) 167

–D–

**Decision making**

Effect of increased MRI and CT scan utilization on clinical decision-making in patients referred to a surgical clinic for back pain (Li and Yen) (Res) 128

Informed decision-making in elective major vascular surgery: analysis of 145 surgeon-patient consultations (Étchells and others) (Res) 173

**Decision support techniques**

Users' Guide to the Surgical Literature. How to assess a survey in surgery (Thoma and others) (CME) 394

**Delivery of health care**

Improving surgical access: the Vancouver experience (Williams and others) (Rev) 277

**Device removal**

Impact of a specialized multidisciplinary tracheostomy team on tracheostomy care in critically ill patients (de Mestral and others) (Res) 167

**Diabetes mellitus**

Resolution of diabetes mellitus by ileal transposition compared with biliopancreatic diversion in a nonobese animal model of type 2 diabetes (Zhang and others) (Res) 243

**Disaster planning**

Disaster preparedness of Canadian trauma centres: the perspective of medical directors of trauma (Gomez and others) (Res) 9

Drills and exercises: the way to disaster preparedness (McAlister) (QS) 7

**Disclosure**

Industry and evidence-based medicine: Believable or conflicted? A systematic review of the surgical literature (Bailey and others) (Res) 321  
 recherche financée par l'industrie, La (Harvey) (E) 294  
 Research funded by the industry (Harvey) (E) 293

**Drainage**

pediatric surgeon's 35-year experience with pilonidal disease in a Canadian children's hospital, A (Nasr and Ein) (Res) 39

–E–

**Echinococcosis**

Postoperative recurrence of cystic hydatidosis (Prousalidis and others) (Res) Published at [cma.ca/cjs](http://cma.ca/cjs) in October 2011

**Education, medical**

matrix for comprehensive surgical education, A (Jarvis-Selinger and others) (QS) 296

**Educational measurement**

Value of an objective assessment tool in the operating room (Hiemstra and others) (Res) 116

**Emergency medical services**

CAGS and ACS Evidence Based Reviews in Surgery, 39. Access to emergency operative care: a comparative study between the Canadian and American health care systems (Brown and others) (CME) 403  
 Disaster preparedness of Canadian trauma centres: the perspective of medical directors of trauma (Gomez and others) (Res) 9  
 Drills and exercises: the way to disaster preparedness (McAlister) (QS) 7

**End stage liver disease**

Association of preoperative parameters with postoperative mortality and long-term survival after liver transplantation (Vrochides and others) (Res) 101

**Endoscopy**

Canadian Association of General Surgeons statement on endoscopy (Reid and others) (QS) 295  
 Case series. Community experience of colonic stenting in patients with acute large bowel obstructions (Arya and others) (CME) 282

–F–

**Forkhead transcription factors**

Foxp3+ regulatory T cells and the formation of portal vein tumour thrombus in patients with hepatocellular carcinoma (Shen and others) (Res) 89

–G–

**Gastrectomy**

Case series. Early results of a Canadian laparoscopic sleeve gastrectomy experience (Behrens and others) (CME) 138

**Gastric bypass**

Bariatric surgery in Canada — bridging the gap (Cobourn) (QS) 152  
 Comparison of public and private bariatric surgery services in Canada (Martin and others) (Res) 154  
 Complications associated with adjustable gastric banding for morbid obesity: a surgeon's guide (Eid and others) (Rev) 61

**Gastroplasty**

Complications associated with adjustable gastric banding for morbid obesity: a surgeon's guide (Eid and others) (Rev) 61

**Gloves, surgical**

Surgeons' and residents' double-gloving practices at 2 teaching hospitals in Ontario (Haines and others) (Res) 95

–H–

**Health knowledge, attitudes, practice**

Information on the Internet about colorectal cancer: patient attitude

and potential toward Web browsing. A prospective observational study (Sajid and others) (Res) 339

**Health services accessibility**

CAGS and ACS Evidence Based Reviews in Surgery, 39. Access to emergency operative care: a comparative study between the Canadian and American health care systems (Brown and others) (CME) 403  
 continuing challenge of surgical access, The (Warnock) (E) 76  
 défi continue de l'accès aux soins chirurgicaux, Le (Warnock) (E) 77  
 Development of pediatric wait time access targets (Wright and others) (Res) 107

**Hospital mortality**

Surgical site infection in abdominal trauma patients: risk prediction and performance of the NNIS and SENIC indexes (Morales and others) (Res) 17

–I–

**Ileostomy**

Surgical management of ulcerative colitis: a comparison of Canadian and American colorectal surgeons (Richardson and others) (Res) 257

**Ileum**

Resolution of diabetes mellitus by ileal transposition compared with biliopancreatic diversion in a nonobese animal model of type 2 diabetes (Zhang and others) (Res) 243

**Inflammation mediators**

Vitamin E has a dual effect of anti-inflammatory and antioxidant activities in acetic acid-induced ulcerative colitis in rats (Tahan and others) (Res) 333

**Information seeking behaviour**

Information on the Internet about colorectal cancer: patient attitude and potential toward Web browsing. A prospective observational study (Sajid and others) (Res) 339

**Information storage and retrieval**

Users' Guide to the Surgical Literature, How to assess a survey in surgery (Thoma and others) (CME) 394

**Insulin resistance**

Resolution of diabetes mellitus by ileal transposition compared with biliopancreatic diversion in a nonobese animal model of type 2 diabetes (Zhang and others) (Res) 243

**Internal fixators**

Deep wound infection following pediatric scoliosis surgery: incidence and analysis of risk factors (Aleissa and others) (Res) 263

**International surgery**

Bethune Round Table 2011. 11th Annual Conference: Clinical Care in Context, 422

**Internet**

Challenges of online health information for surgeons (Warnock) (E) 221  
 défis de l'information en ligne pour les chirurgiens, Les (Warnock) (E) 222  
 Information on the Internet for asplenic patients: a systematic review (Downing and others) (Res) 232

**Internship and residency**

Pregnancy during postgraduate surgical training (Warnock) (E) 365  
 Grosseesse et formation postdoctorale en chirurgie (Warnock) (E) 366  
 livres blancs du Collège royal : évaluation de la formation, Les (Harvey) (E) 149  
 Prenancy among residents enrolled in general surgery (PREGS): a survey of residents in a single Canadian training program (Merchant and others) (Res) 375  
 Quality of life and educational benefit among orthopedic surgery residents: a prospective, multicentre comparison of the night float and the standard call systems (Zahrai and others) (Res) 25  
 Royal College white papers: assessment of training (Harvey) (E) 148  
 Surgeons' and residents' double-gloving practices at 2 teaching hospitals in Ontario (Haines and others) (Res) 95  
 Value of an objective assessment tool in the operating room (Hiemstra and others) (Res) 116

**Intestinal obstruction**

Impact of Gastrografin in clinical practice in the management of adhesive small bowel obstruction (Srinivasa and others) (Res) 123

**Intestinal obstructions**

Case series. Community experience of colonic stenting in patients with acute large bowel obstructions (Arya and others) (CME) 282

–L–

**Laparoscopy**

Assessing the impact of a 2-day laparoscopic intestinal workshop (Asano and others) (Res) 223  
 Case series. Laparoscopic colostomy reversal after a Hartmann procedure: a prospective series, literature review and an argument against laparotomy as the primary approach (Huynh and others) (CME) 133  
 Complications associated with adjustable gastric banding for morbid obesity: a surgeon's guide (Eid and others) (Rev) 61  
 Hand-assisted laparoscopic splenectomy versus open splenectomy for massive splenomegaly: 20-year experience at a Canadian centre (Swanson and others) (Res) 189  
 Laparoscopic entry: a review of Canadian general surgical practice (Compeau and others) (Res) 315  
 Randomized controlled trial to investigate the impact of anticoagulation on the incidence of splenic or portal vein thrombosis after laparoscopic splenectomy (Wang and others) (Res) 227

**Laparotomy**

CAGS and ACS Evidence Based Reviews in Surgery. 36. Effect of high perioperative oxygen fraction on surgical site infection (Kirkpatrick and others) (CME) 67  
 Case series. Laparoscopic colostomy reversal after a Hartmann procedure: a prospective series, literature review and an argument against laparotomy as the primary approach (Huynh and others) (CME) 133  
 Surgical site infection in abdominal trauma patients: risk prediction and performance of the NNIS and SENIC indexes (Morales and others) (Res) 17

**-T-**

**T-lymphocytes, regulatory**

Foxp3+ regulatory T cells and the formation of portal vein tumour thrombus in patients with hepatocellular carcinoma (Shen and others) (Res) 89

**Telecommunications**

Drills and exercises: the way to disaster preparedness (McAlister) (QS) 7

**Thyroid neoplasms**

Incidental thyroid "PETomas": clinical significance and novel description of the self-resolving variant of focal FDG-PET thyroid uptake (Nishimori and others) (Res) 83

**Tissue adhesions**

Impact of Gastrografin in clinical practice in the management of adhesive small bowel obstruction (Srinivasa and others) (Res) 123

**Tissue and organ harvesting**

Anatomically safe and minimally invasive transcristal technique for procurement of autogenous cancellous bone graft from the mid-iliac crest (Missiuna and others) (Res) 327

**Tracheostomy**

Impact of a specialized multidisciplinary tracheostomy team on tracheostomy care in critically ill patients (de Mestral and others) (Res) 167

**Transplantation, autologous**

Anatomically safe and minimally invasive transcrestal technique for procurement of autogenous cancellous bone graft from the mid-iliac crest (Missiuna and others) (Res) 327

**Trauma, nervous system**

Delay in operative stabilization of spine fractures in multitrauma patients without neurologic injuries: effects on outcomes (Pakzad and others) (Res) 270

–U–

**Unnecessary procedures**

Impact of computed tomography of the abdomen on clinical outcomes in patients with acute right lower quadrant pain: a meta-analysis (Krajewski and others) (Res) 43

**Urinary tract infections**

CAGS and ACS Evidence Based Reviews in Surgery. 37. Is there a role for prophylactic antibiotics in the prevention of urinary tract infections following Foley catheter removal in patients having abdominal surgery? (Cutter and others) (CME) 206

**Users' Guide to the Surgical Literature**

How to assess a survey in surgery (Thoma and others) (CME) 394

–V–

**Vascular surgical procedures**

Informed decision-making in elective major vascular surgery: analysis of 145 surgeon-patient consultations (Etchells and others) (Res) 173

**Vasculitis**

Compartment syndrome-induced microvascular dysfunction: an experimental rodent model (Lawendy and others) (Res) 194

**Venous thromboembolism**

Impact of venous thromboembolism on clinical management and therapy after hip and knee arthroplasty (Fisher) (Rev) 344

**Venous thrombosis**

Randomized controlled trial to investigate the impact of anticoagulation on the incidence of splenic or portal vein thrombosis after laparoscopic splenectomy (Wang and others) (Res) 227

**Vitamin E**

Vitamin E has a dual effect of anti-inflammatory and antioxidant activities in acetic acid-induced ulcerative colitis in rats (Tahan and others) (Res) 333

–W–

**Waiting lists**

continuing challenge of surgical access, The (Warnock) (E) 76
