**Correction: Canadian Surgery Forum abstracts**
DOI: 10.1503/cjs.003614

The Canadian Surgery Forum abstract supplement published in August 2013 contained errors in the table of abstract 76, entitled “Identification of inferior quality of surgical care of elderly patients in the emergent setting: a pilot study.” In addition, the definition of “CCI” should have been “Charlson Comorbidity Index.” We apologize for these errors.
