Satisfaction Visual Analogue Scale (VAS)

Subject ID: _____

Date: ____/____/____
 day month year

Study Knee: Right Left

Interval: Pre-op 8weeks 6months 12months 24months

To help people say how much pain they feel, we have drawn a scale (rather like a thermometer) on which the best state you can imagine is marked 100 and the worst state you can imagine is marked 0.

We would like you to indicate on this scale the amount of pain in your knee today, in your opinion. Please do this by drawing a line from the box below to whichever point on the scale indicates how good or bad your state of health is today.
