

Each title is followed by a code that designates the article's category. The categories used in this volume are listed below.

Chaque titre est suivi d'un code qui indique dans quelle catégorie l'article appartient. Les catégories utilisées dans ce volume sont les suivantes.

**Continuing Medical Education • Formation médicale continue (CME)**  
**Correspondence • Correspondance (C)**  
**Editorial • Éditorial (E)**  
**Research • Recherche (Res)**  
**Quill on Scalpel • Plume et scalpel (QS)**  
**Review • Revue (Rev)**  
**Supplement • Supplément (Suppl)**

**Subjects • Sujets**

**–A–**

**Abstracting and indexing as topic**

Overcoming barriers to population-based injury research: development and validation of an ICD-10–AIS algorithm (Haas and others) (Res) 21

**Abstracts**

Bethune Round Table 2012. 12th Annual Conference: Filling the Gap, 275  
 Canadian Society for Vascular Surgery 2012 Annual Meeting, 340  
 Canadian Society of Surgical Oncology. Nineteenth Annual Scientific Meeting, 212  
 Canadian Spine Society. Twelfth Annual Scientific Conference (Suppl) S1  
 Canadian Surgery Forum (Suppl) S61  
 Trauma 2012. Trauma Association of Canada (TAC) Annual Scientific Meeting (Suppl) S33

**Accidents**

Influence of a province-wide trauma system on motor vehicle collision process of trauma care and mortality: a 10-year follow-up evaluation (Tallon and others) (Res) 8  
 Retrospective review of all-terrain vehicle accidents in Alberta (Pelletier and others) (Res) 249

**Acetabulum**

Limitations of conventional radiographs in the assessment of acetabular defects following total hip arthroplasty (Safir and others) (Res) 401

**Aged, 80 and over**

Elective and emergency abdominal surgery in patients 90 years of age or older (Racz and others) (Res) 322

**Altruism**

Surgical residency training and international volunteerism: a national survey of residents from 2 surgical specialties (Matar and others) (Res) S191

**Angiography**

Mesenteric angiography for acute gastrointestinal bleed: predictors of active extravasation and outcomes (Lee and others) (Res) 382

**Antibiotic, prophylaxis**

Meta-analysis of the effectiveness of prophylactic antibiotics in the prevention of postoperative complications after tension-free hernioplasty (Li and others) (Res) 27

**Aorta, thoracic**

Natural history of minimal aortic injury following blunt thoracic aortic trauma (Kidane and others) (Res) 377

**Aortic aneurysm, abdominal**

Late conversion of endovascular to open repair of abdominal aortic aneurysms (Forbes and others) (Res) 254

**Appendectomy**

Endoloop versus endostapler closure of the appendiceal stump in pediatric laparoscopic appendectomy (Safavi and others) (Res) 37

**Appendicitis**

Endoloop versus endostapler closure of the appendiceal stump in pediatric laparoscopic appendectomy (Safavi and others) (Res) 37

**Arthroplasty, replacement**

Periprosthetic osteolysis: genetics, mechanisms and potential therapeutic interventions (Noordin and Masri) (Rev) 408

**Arthroplasty, replacement, hip**

Effect of surgeon fatigue on hip and knee arthroplasty (Peskun and others) (Res) 81  
 Limitations of conventional radiographs in the assessment of acetabular defects following total hip arthroplasty (Safir and others) (Res) 401  
 Periprosthetic joint infections at a teaching hospital in 1990–2007 (Renaud and others) (Res) 394  
 Resident self-assessment of operative experience in primary total knee and total hip arthroplasty: Is it accurate? (Trajkovski and others) (Res) S153  
 Total hip arthroplasty in steroid-induced osteonecrosis: early functional and radiological outcomes (Rahman and others) (Res) (Published at [cma.ca/cjs](http://cma.ca/cjs) in October 2012)

**Arthroplasty, replacement, knee**

Effect of surgeon fatigue on hip and knee arthroplasty (Peskun and others) (Res) 81  
 Endstage arthritis following tibia plateau fractures: average 10-year follow-up (Mehin and others) (Res) 87  
 Periprosthetic joint infections at a teaching hospital in 1990–2007 (Renaud and others) (Res) 394  
 Resident self-assessment of operative experience in primary total knee and total hip arthroplasty: Is it accurate? (Trajkovski and others) (Res) S153

**Astronauts**

Prophylactic surgery prior to extended-duration space flight: Is the benefit worth the risk? (Ball and others) (Rev) 125

**Attitude**

Canadian general surgery resident: defining current challenges for surgical leadership, The (Tomlinson and others) (Res) S184

**Attitude of health personnel**

Are Canadian general surgery residents ready for the 80-hour work week? A nationwide survey (Sudarshan and others) (Res) 53  
 Principles and Practice of Clinical Research course for surgeons: an evaluation of knowledge transfer and perceptions (Sprague and others) (Res) 46  
 Surgical fellowship training in Canada: What is its current status and is improvement required? (Nousiainen and others) (Rev) 58  
 Surgical site infection prevention: a survey to identify the gap between evidence and practice in University of Toronto teaching hospitals (Eskicioglu and others) (Res) 233

**–B–**

**Bariatric surgery**

Evaluation of the Swedish adjustable gastric band VC (SAGB-VC) in an Australian population: early results (Keogh and others) (Res) (Published at [cma.ca/cjs](http://cma.ca/cjs) in December 2012)

**Bethune Round Table**

Bethune Round Table 2012. 12th Annual Conference: Filling the Gap, 275

**Biocompatible materials**

New minimally invasive technique for repairing femoral hernias: 3-D patch device through a femoris approach (Lei and others) (Res) 177

**Biopsy, fine-needle**

Hemithyroidectomy is the preferred initial operative approach for an indeterminate fine needle aspiration biopsy diagnosis (Chiu and others) (Res) 191

**Blood loss, surgical**

CAGS and ACS Evidence Based Reviews in Surgery. 43. Operative blood loss, blood transfusion and 30-day mortality in older

patients after major noncardiac surgery (Mastracci and others) (CME) 426

**Blood transfusion**

CAGS and ACS Evidence Based Reviews in Surgery, 43. Operative blood loss, blood transfusion and 30-day mortality in older patients after major noncardiac surgery (Mastracci and others) (CME) 426

**Blood vessel prosthesis**

Late conversion of endovascular to open repair of abdominal aortic aneurysms (Forbes and others) (Res) 254

**Bone neoplasms**

Metastatic disease of the long bones: a review of the health care burden in a major trauma centre (Kelly and others) (Res) 95

**Breast neoplasms**

CAGS and ACS Evidence Based Reviews in Surgery, 40. Axillary dissection versus no axillary dissection in women with invasive breast cancer and sentinel node metastasis (Latosinsky and others) (CME) 66  
Meta-analytic comparison of randomized and nonrandomized studies of breast cancer surgery (Edwards and others) (Res) 155

**Burnout, professional**

Attending surgeon burnout and satisfaction with the establishment of a regional acute care surgical service (Helewa and others) (Res) 312

**Burns**

Does direct transport to provincial burn centres improve outcomes? A spatial epidemiology of severe burn injury in British Columbia, 2001–2006 (Bell and others) (Res) 110

–C–

**CAGS and ACS Evidence Based Reviews in Surgery**

- 40. Axillary dissection versus no axillary dissection in women with invasive breast cancer and sentinel node metastasis (Latosinsky and others) (CME) 66
- 41. Cost–utility analysis of early versus delayed laparoscopic cholecystectomy for acute cholecystitis (Dixon and others) (CME) 204
- 42. Risks of complications by attending physicians after performing nighttime procedures (Chaudhury and others) (CME) 337
- 43. Operative blood loss, blood transfusion and 30-day mortality in older patients after major noncardiac surgery (Mastracci and others) (CME) 426

**Canadian Association of Bariatric Physicians and Surgeons**

Canadian Surgery Forum (Suppl) S61

**Canadian Association of General Surgeons**

Canadian Surgery Forum (Suppl) S61

**Canadian Association of Thoracic Surgeons**

Canadian Surgery Forum (Suppl) S61

**Canadian Association of University Surgeons**

Canadian Association of University Surgeons' Annual Symposium. Surgical simulation: The solution to safe training or a promise unfulfilled? (Brindley and others) (Rev) S200

**Canadian Hepato-Pancreato-Biliary Association**

Canadian Surgery Forum (Suppl) S61

**Canadian Society for Vascular Surgery**

Canadian Society for Vascular Surgery 2012 Annual Meeting, 340

**Canadian Society of Colon and Rectal Surgeons**

Canadian Surgery Forum (Suppl) S61

**Canadian Society of Surgical Oncology**

Canadian Society of Surgical Oncology. Nineteenth Annual Scientific Meeting, 212  
Canadian Surgery Forum (Suppl) S61

**Canadian Spine Society**

Canadian Spine Society. Twelfth Annual Scientific Conference (Suppl) S1

**Carcinoma, hepatocellular**

Results of en bloc resection for hepatocellular carcinoma extending to adjacent organs (Zhou and others) (Res) 222

**Cardiovascular diseases**

Humanitarian cardiac care in Arequipa, Peru: experiences of a multidisciplinary Canadian cardiovascular team (Adams and others) (Res) 171

**Chest tubes**

Management of chest tubes after pulmonary resection: a systematic review and meta-analysis (Coughlin and others) (Res) 264

**Child**

Endoloop versus endostapler closure of the appendiceal stump in pediatric laparoscopic appendectomy (Safavi and others) (Res) 37  
Endoscopic treatment of vesicoureteral reflux in children with subureteral dextranomer/hyaluronic acid injection: a single-centre, 7-year experience (Biocic and others) (Res) 301

**Cholangiopancreatography, endoscopic retrograde**

Management of ERCP-related small bowel perforations: the pivotal role of physical investigation (Dubecz and others) (Res) 99  
Treatment of hepatic hydatid disease complications using endoscopic retrograde cholangiopancreatography procedures (Akaydin and others) (Res) 244

**Cholecystectomy, laparoscopic**

CAGS and ACS Evidence Based Reviews in Surgery, 41. Cost–utility analysis of early versus delayed laparoscopic cholecystectomy for acute cholecystitis (Dixon and others) (CME) 204  
Monopolar electrocautery versus ultrasonic dissection of the gallbladder from the gallbladder bed in laparoscopic cholecystectomy: a randomized controlled trial (Mahabaleshwar and others) (Res) 307

**Clinical competence**

CAGS and ACS Evidence Based Reviews in Surgery, 42. Risks of complications by attending physicians after performing nighttime procedures (Chaudhury and others) (CME) 337  
Canadian Association of University Surgeons' Annual Symposium. Surgical simulation: The solution to safe training or a promise unfulfilled? (Brindley and others) (Rev) S200  
Does operative experience during residency correlate with reported competency of recent general surgery graduates? (Safavi and others) (Res) S171  
Knowing the operative game plan: a novel tool for the assessment of surgical procedural knowledge (Balayla and others) (Res) S158  
Learning curve for laparoscopic totally extraperitoneal repair of inguinal hernia (Choi and others) (Res) 33  
Resident self-assessment of operative experience in primary total knee and total hip arthroplasty: Is it accurate? (Trajkovski and others) (Res) S153  
Royal College White Papers: Assessment of Training. The Authors Reply (Harris and others) (C) E5  
Surgical fellowship training in Canada: What is its current status and is improvement required? (Nousiainen and others) (Rev) 58

**Clinical trials as topic**

Meta-analytic comparison of randomized and nonrandomized studies of breast cancer surgery (Edwards and others) (Res) 155

**Colonic pouches**

tribute to Nils G. Kock, 1924–2011, A (Cohen) (QS) 153

**Colorectal neoplasms, hereditary nonpolyposis**

Lynch syndrome in a predominantly Afrocentric population: a clinicopathological and genetic study (Plummer and others) (Res) 294

**Computers, handheld**

use of apps in surgery, The (Warnock) (E) 77  
Utilisation des “apps” en chirurgie (Warnock) (E) 78

**Confidence intervals**

Users' Guide to the Surgical Literature. Understanding confidence intervals (Cadeddu and others) (CME) 207

**Confounding factors**

Practical Tips for Surgical Research. Confounding: What is it and how do we deal with it? (Braga and others) (CME) 132

**Cost-benefit analysis**

CAGS and ACS Evidence Based Reviews in Surgery, 41. Cost–utility analysis of early versus delayed laparoscopic cholecystectomy for acute cholecystitis (Dixon and others) (CME) 204  
Comparison of lifetime incremental cost:utility ratios of surgery relative to failed medical management for the treatment of hip, knee and spine osteoarthritis modelled using 2-year postsurgical values (Tso and others) (Res) 181  
Metastatic disease of the long bones: a review of the health care burden in a major trauma centre (Kelly and others) (Res) 95

**Credentialing**

Canadian Association of University Surgeons' Annual Symposium. Surgical simulation: The solution to safe training or a promise unfulfilled? (Brindley and others) (Rev) S200

**Critical care**

Attending surgeon burnout and satisfaction with the establishment of a regional acute care surgical service (Helewa and others) (Res) 312

**Curriculum**

Does operative experience during residency correlate with reported competency of recent general surgery graduates? (Safavi and others) (Res) S171  
 Long-term outcomes for surgeons from 3- and 4-year medical school curricula (Lockyer and others) (Res) S163

**-D-**

**Delivery of health care**

Humanitarian cardiac care in Arequipa, Peru: experiences of a multi-disciplinary Canadian cardiovascular team (Adams and others) (Res) 171

**Dextrans**

Endoscopic treatment of vesicoureteral reflux in children with subureteral dextranomer/hyaluronic acid injection: a single-centre, 7-year experience (Biocic and others) (Res) 301

**Diathermy**

Comparison of lateral thermal damage of the human peritoneum using monopolar diathermy, Harmonic scalpel and LigaSure (Druzijanic and others) (Res) 317

**Disasters**

1 Canadian Field Hospital in Haiti: surgical experience in earthquake relief (Talbot and others) (Rev) 271

**Dissection**

Monopolar electrocautery versus ultrasonic dissection of the gallbladder from the gallbladder bed in laparoscopic cholecystectomy: a randomized controlled trial (Mahabaleshwar and others) (Res) 307

**Drainage**

Safety of thyroidectomy and cervical neck dissection without drains (Abboud and others) (Res) 199

**-E-**

**Earthquakes**

1 Canadian Field Hospital in Haiti: surgical experience in earthquake relief (Talbot and others) (Rev) 271

**Echinococcosis**

Postoperative recurrence of cystic hydatidosis (Prousalidis and others) (Res) 15  
 Treatment of hepatic hydatid disease complications using endoscopic retrograde cholangiopancreatography procedures (Akaydin and others) (Res) 244

**Education, medical**

Long-term outcomes for surgeons from 3- and 4-year medical school curricula (Lockyer and others) (Res) S163  
 Préparation des chirurgiens canadiens à la prestation des soins au XXI<sup>e</sup> siècle (Warnock) (E) 220  
 Preparing Canadian surgeons to provide care in the 21st century (Warnock) (E) 219  
 Principles and Practice of Clinical Research course for surgeons: an evaluation of knowledge transfer and perceptions (Sprague and others) (Res) 46

**Educational measurement**

Knowing the operative game plan: a novel tool for the assessment of surgical procedural knowledge (Balayla and others) (Res) S158

**Electrocoagulation**

Monopolar electrocautery versus ultrasonic dissection of the gallbladder from the gallbladder bed in laparoscopic cholecystectomy: a randomized controlled trial (Mahabaleshwar and others) (Res) 307

**Electrosurgery**

Comparison of lateral thermal damage of the human peritoneum using monopolar diathermy, Harmonic scalpel and LigaSure (Druzijanic and others) (Res) 317

**Embolization, therapeutic**

Mesenteric angiography for acute gastrointestinal bleed: predictors of active extravasation and outcomes (Lee and others) (Res) 382

**Emergency medical services**

Does direct transport to provincial burn centres improve outcomes? A spatial epidemiology of severe burn injury in British Columbia, 2001–2006 (Bell and others) (Res) 110  
 Influence of a province-wide trauma system on motor vehicle collision process of trauma care and mortality: a 10-year follow-up evaluation (Tallon and others) (Res) 8

**Esophageal neoplasms**

impact of incidental gastrointestinal stromal tumours on patients undergoing resection of upper gastrointestinal neoplasms, The (Chan and others) (Res) 366

**Esophagectomy**

impact of incidental gastrointestinal stromal tumours on patients undergoing resection of upper gastrointestinal neoplasms, The (Chan and others) (Res) 366

**Evidence-based medicine**

CAGS and ACS Evidence Based Reviews in Surgery, 40. Axillary dissection versus no axillary dissection in women with invasive breast cancer and sentinel node metastasis (Latosinsky and others) (CME) 66  
 CAGS and ACS Evidence Based Reviews in Surgery, 41. Cost-utility analysis of early versus delayed laparoscopic cholecystectomy for acute cholecystitis (Dixon and others) (CME) 204  
 CAGS and ACS Evidence Based Reviews in Surgery, 42. Risks of complications by attending physicians after performing nighttime procedures (Chaudhury and others) (CME) 337  
 CAGS and ACS Evidence Based Reviews in Surgery, 43. Operative blood loss, blood transfusion and 30-day mortality in older patients after major noncardiac surgery (Mastracci and others) (CME) 426  
 Principles and Practice of Clinical Research course for surgeons: an evaluation of knowledge transfer and perceptions (Sprague and others) (Res) 46

**-F-**

**Fatigue**

CAGS and ACS Evidence Based Reviews in Surgery, 42. Risks of complications by attending physicians after performing nighttime procedures (Chaudhury and others) (CME) 337  
 Effect of surgeon fatigue on hip and knee arthroplasty (Peskun and others) (Res) 81

**Fellowships and scholarships**

Fellowship training in Canada (Harvey) (E) 5  
 formation au niveau du fellowship au Canada, La (Harvey) (E) 6  
 Surgical fellowship training in Canada: What is its current status and is improvement required? (Nousiainen and others) (Rev) 58

**Fibroblast growth factor 2**

Effect of different liver resection methods on liver damage and regeneration factors VEGF and FGF-2 in mice (Bönninghoff and others) (Res) 389

**Fibula**

Locked plate fixation of the comminuted distal fibula: a biomechanical study (White and others) (Res) (Published at cma.ca/cjs in December 2012)

**Fracture fixation**

Metastatic disease of the long bones: a review of the health care burden in a major trauma centre (Kelly and others) (Res) 95

**Fracture fixation, internal**

Endstage arthritis following tibia plateau fractures: average 10-year follow-up (Mehin and others) (Res) 87  
 Locked plate fixation of the comminuted distal fibula: a biomechanical study (White and others) (Res) (Published at cma.ca/cjs in December 2012)  
 Subbrachial approach to humeral shaft fractures: new surgical technique and retrospective case series study (Boschi and others) (Res) (Published at cma.ca/cjs in December 2012)

-G-

**Gallbladder**

Monopolar electrocautery versus ultrasonic dissection of the gallbladder from the gallbladder bed in laparoscopic cholecystectomy: a randomized controlled trial (Mahabaleshwar and others) (Res) 307

**Gastroectomy**

impact of incidental gastrointestinal stromal tumours on patients undergoing resection of upper gastrointestinal neoplasms, The (Chan and others) (Res) 366

**Gastric bypass**

Managing complications associated with laparoscopic Roux-en-Y gastric bypass for morbid obesity (Griffith and others) (Rev) 329

**Gastroesophageal reflux**

Quality of life and surgical outcomes following laparoscopic surgery for refractory gastroesophageal reflux disease in a regional hospital (Hwang) (Res) 41

**Gastrointestinal hemorrhage**

Mesenteric angiography for acute gastrointestinal bleed: predictors of active extravasation and outcomes (Lee and others) (Res) 382

**Gastrointestinal stromal tumours**

impact of incidental gastrointestinal stromal tumours on patients undergoing resection of upper gastrointestinal neoplasms, The (Chan and others) (Res) 366

Laparoscopic management of gastrointestinal stromal tumours: review at a Canadian centre (Daigle and others) (Res) 105

**Gastroplasty**

Evaluation of the Swedish adjustable gastric band VC (SAGB-VC) in an Australian population: early results (Keogh and others) (Res) (Published at cma.ca/cjs in December 2012)

**General surgery**

Are Canadian general surgery residents ready for the 80-hour work week? A nationwide survey (Sudarshan and others) (Res) 53

Canadian general surgery resident: defining current challenges for surgical leadership, The (Tomlinson and others) (Res) S184

Does operative experience during residency correlate with reported competency of recent general surgery graduates? (Safavi and others) (Res) S171

Fellowship training in Canada (Harvey) (E) 5

formation au niveau du fellowship au Canada, La (Harvey) (E) 6

Surgical fellowship training in Canada: What is its current status and is improvement required? (Nousiainen and others) (Rev) 58

Variable impact of complications in general surgery: a prospective cohort study (Bosma and others) (Res) 163

**Genetic predisposition to disease**

Lynch syndrome in a predominantly Afrocentric population: a clinicopathological and genetic study (Plummer and others) (Res) 294

**Graft rejection**

Early and late outcomes after cardiac retransplantation (Saito and others) (Res) (Published at cma.ca/cjs in December 2012)

**Guideline adherence**

Surgical site infection prevention: a survey to identify the gap between evidence and practice in University of Toronto teaching hospitals (Eskicioglu and others) (Res) 233

-H-

**Health knowledge, attitudes, practice**

Sharps-handling practices among junior surgical residents: a video analysis (Tso and others) (Res) S178

**Heart transplantation**

Early and late outcomes after cardiac retransplantation (Saito and others) (Res) (Published at cma.ca/cjs in December 2012)

**Hemostasis**

Comparison of lateral thermal damage of the human peritoneum using monopolar diathermy, Harmonic scalpel and LigaSure (Druzijanic and others) (Res) 317

**Hepatectomy**

Results of en bloc resection for hepatocellular carcinoma extending to adjacent organs (Zhou and others) (Res) 222

**Hernia**

Patient compliance with a group model of care: the hernia clinic (van den Heuvel and others) (Res) 259

**Hernia, femoral**

New minimally invasive technique for repairing femoral hernias: 3-D patch device through a femoris approach (Lei and others) (Res) 177

**Hernia, inguinal**

Learning curve for laparoscopic totally extraperitoneal repair of inguinal hernia (Choi and others) (Res) 33

Meta-analysis of the effectiveness of prophylactic antibiotics in the prevention of postoperative complications after tension-free hernioplasty (Li and others) (Res) 27

**History, medical**

tribute to Nils G. Kock, 1924-2011, A (Cohen) (QS) 153

**Humeral fractures**

Subbrachial approach to humeral shaft fractures: new surgical technique and retrospective case series study (Boschi and others) (Res) (Published at cma.ca/cjs in December 2012)

**Hyaluronic acid**

Endoscopic treatment of vesicoureteral reflux in children with subureteral dextranomer/hyaluronic acid injection: a single-centre, 7-year experience (Biocic and others) (Res) 301

-I-

**International educational exchange**

Surgical residency training and international volunteerism: a national survey of residents from 2 surgical specialties (Matar and others) (Res) S191

**Internship and residency**

Are Canadian general surgery residents ready for the 80-hour work week? A nationwide survey (Sudarshan and others) (Res) 53

Canadian Association of University Surgeons' Annual Symposium.

Surgical simulation: The solution to safe training or a promise unfulfilled? (Brindley and others) (Rev) S200

Canadian general surgery resident: defining current challenges for surgical leadership, The (Tomlinson and others) (Res) S184

Does operative experience during residency correlate with reported competency of recent general surgery graduates? (Safavi and others) (Res) S171

Is Canadian surgical residency training stressful? (Aminazadeh and others) (Res) S145

Knowing the operative game plan: a novel tool for the assessment of surgical procedural knowledge (Balayla and others) (Res) S158

Long-term outcomes for surgeons from 3- and 4-year medical school curricula (Lockyer and others) (Res) S163

Préparation des chirurgiens canadiens à la prestation des soins au XXI<sup>e</sup> siècle (Warnock) (E) 220

Preparing Canadian surgeons to provide care in the 21st century (Warnock) (E) 219

Resident self-assessment of operative experience in primary total knee and total hip arthroplasty: Is it accurate? (Trajkovski and others) (Res) S153

Royal College White Papers: Assessment of Training. The Authors Reply (Harris and others) (C) E5

Sharps-handling practices among junior surgical residents: a video analysis (Tso and others) (Res) S178

Surgical residency training and international volunteerism: a national survey of residents from 2 surgical specialties (Matar and others) (Res) S191

**Intestinal perforation**

Management of ERCP-related small bowel perforations: the pivotal role of physical investigation (Dubecz and others) (Res) 99

**Intraoperative complications**

Learning curve for laparoscopic totally extraperitoneal repair of inguinal hernia (Choi and others) (Res) 33

-J-

**Job satisfaction**

Attending surgeon burnout and satisfaction with the establishment of a regional acute care surgical service (Helewa and others) (Res) 312

-K-

**Kidney**

Inhibiting inducible nitric oxide synthase with rutin reduces renal ischemia/reperfusion injury (Korkmaz and Kolankaya) (Res) (Published at *cma.ca/cjs* in December 2012)

**Kock, Nils G.**

tribute to Nils G. Kock, 1924-2011, A (Cohen) (QS) 153

-L-

**Laparoscopy**

Endoloop versus endostapler closure of the appendiceal stump in pediatric laparoscopic appendectomy (Safavi and others) (Res) 37

Laparoscopic management of gastrointestinal stromal tumours: review at a Canadian centre (Daigle and others) (Res) 105

Learning curve for laparoscopic totally extraperitoneal repair of inguinal hernia (Choi and others) (Res) 33

Managing complications associated with laparoscopic Roux-en-Y gastric bypass for morbid obesity (Griffith and others) (Rev) 329

Morbidity of hand-assisted laparoscopic splenectomy compared to conventional laparoscopic splenectomy: a 6-year review (Altaf and others) (Res) 227

Quality of life and surgical outcomes following laparoscopic surgery for refractory gastroesophageal reflux disease in a regional hospital (Hwang) (Res) 41

**Liability, legal**

Qu'est-ce qu'une erreur à déclaration obligatoire en chirurgie? (Harvey) (E) 150

What is a reportable error in surgery? (Harvey) (E) 149

**Liver regeneration**

Effect of different liver resection methods on liver damage and regeneration factors VEGF and FGF-2 in mice (Bönninghoff and others) (Res) 389

**Lymph node excision**

CAGS and ACS Evidence Based Reviews in Surgery, 40. Axillary dissection versus no axillary dissection in women with invasive breast cancer and sentinel node metastasis (Latosinsky and others) (CME) 66

**Lymphoma, non-Hodgkin**

Review of the molecular profile and modern prognostic markers for gastric lymphoma: How do they affect clinical practice? (Alevizos and others) (Rev) 117

-M-

**Mandatory reporting**

Qu'est-ce qu'une erreur à déclaration obligatoire en chirurgie? (Harvey) (E) 150

What is a reportable error in surgery? (Harvey) (E) 149

**Medical errors**

Qu'est-ce qu'une erreur à déclaration obligatoire en chirurgie? (Harvey) (E) 150

What is a reportable error in surgery? (Harvey) (E) 149

**Mice**

Effect of different liver resection methods on liver damage and regeneration factors VEGF and FGF-2 in mice (Bönninghoff and others) (Res) 389

**Models, organizational**

Patient compliance with a group model of care: the hernia clinic (van den Heuvel and others) (Res) 259

-N-

**Neck dissection**

Safety of thyroidectomy and cervical neck dissection without drains (Abboud and others) (Res) 199

**Needlestick injuries**

Sharps-handling practices among junior surgical residents: a video analysis (Tso and others) (Res) S178

**Neoplasm invasiveness**

CAGS and ACS Evidence Based Reviews in Surgery, 40. Axillary

dissection versus no axillary dissection in women with invasive breast cancer and sentinel node metastasis (Latosinsky and others) (CME) 66

Laparoscopic management of gastrointestinal stromal tumours: review at a Canadian centre (Daigle and others) (Res) 105

Results of en bloc resection for hepatocellular carcinoma extending to adjacent organs (Zhou and others) (Res) 222

Review of the molecular profile and modern prognostic markers for gastric lymphoma: How do they affect clinical practice? (Alevizos and others) (Rev) 117

**Nitric oxide synthase**

Inhibiting inducible nitric oxide synthase with rutin reduces renal ischemia/reperfusion injury (Korkmaz and Kolankaya) (Res) (Published at *cma.ca/cjs* in December 2012)

-O-

**Obesity**

Evaluation of the Swedish adjustable gastric band VC (SAGB-VC) in an Australian population: early results (Keogh and others) (Res) (Published at *cma.ca/cjs* in December 2012)

Managing complications associated with laparoscopic Roux-en-Y gastric bypass for morbid obesity (Griffith and others) (Rev) 329

Predictors of attrition in a multidisciplinary adult weight management clinic (Gill and others) (Res) 239

**Off-road motor vehicles**

Retrospective review of all-terrain vehicle accidents in Alberta (Pelletier and others) (Res) 249

**Orthopedics**

Comparison of lifetime incremental cost:utility ratios of surgery relative to failed medical management for the treatment of hip, knee and spine osteoarthritis modelled using 2-year postsurgical values (Tso and others) (Res) 181

Effect of surgeon fatigue on hip and knee arthroplasty (Peskun and others) (Res) 81

**Osteoarthritis**

Comparison of lifetime incremental cost:utility ratios of surgery relative to failed medical management for the treatment of hip, knee and spine osteoarthritis modelled using 2-year postsurgical values (Tso and others) (Res) 181

Endstage arthritis following tibia plateau fractures: average 10-year follow-up (Mehin and others) (Res) 87

**Osteolysis**

Periprosthetic osteolysis: genetics, mechanisms and potential therapeutic interventions (Noordin and Masri) (Rev) 408

**Osteonecrosis**

Total hip arthroplasty in steroid-induced osteonecrosis: early functional and radiological outcomes (Rahman and others) (Res) (Published at *cma.ca/cjs* in October 2012)

**Outcome assessment**

Long-term outcomes for surgeons from 3- and 4-year medical school curricula (Lockyer and others) (Res) S163

Variable impact of complications in general surgery: a prospective cohort study (Bosma and others) (Res) 163

-P-

**Patient care team**

Operative length independently affected by surgical team size: data from 2 Canadian hospitals (Zheng and others) (Res) 371

**Patient dropouts**

Predictors of attrition in a multidisciplinary adult weight management clinic (Gill and others) (Res) 239

**Patient safety**

Improving patient safety through the systematic evaluation of patient outcomes (Forster and others) (Rev) 418

Patient compliance with a group model of care: the hernia clinic (van den Heuvel and others) (Res) 259

**Physicians' practice patterns**

Improving patient safety through the systematic evaluation of patient outcomes (Forster and others) (Rev) 418

Is Ontario medicine asleep at the switch (Harvey and Parent) (E) 291  
 Operative length independently affected by surgical team size: data from 2 Canadian hospitals (Zheng and others) (Res) 371  
 profession médicale ontarienne sommeille-t-elle? La (Harvey and Parent) (E) 292

**Postoperative complications**

Management of chest tubes after pulmonary resection: a systematic review and meta-analysis (Coughlin and others) (Res) 264  
 Managing complications associated with laparoscopic Roux-en-Y gastric bypass for morbid obesity (Griffith and others) (Rev) 329  
 Meta-analysis of the effectiveness of prophylactic antibiotics in the prevention of postoperative complications after tension-free hernioplasty (Li and others) (Res) 27  
 Postoperative recurrence of cystic hydatidosis (Prousalidis and others) (Res) 15  
 Safety of thyroidectomy and cervical neck dissection without drains (Abboud and others) (Res) 199  
 Variable impact of complications in general surgery: a prospective cohort study (Bosma and others) (Res) 163

**Practical Tips for Surgical Research**

Confounding: What is it and how do we deal with it? (Braga and others) (CME) 132

**Preventive medicine**

Prophylactic surgery prior to extended-duration space flight: Is the benefit worth the risk? (Ball and others) (Rev) 125

**Prognosis**

Elective and emergency abdominal surgery in patients 90 years of age or older (Racz and others) (Res) 322

**Prosthesis failure**

Periprosthetic osteolysis: genetics, mechanisms and potential therapeutic interventions (Noordin and Masri) (Rev) 408  
 Total hip arthroplasty in steroid-induced osteonecrosis: early functional and radiological outcomes (Rahman and others) (Res) (Published at *cma.ca/cjs* in October 2012)

**Prostheses and implants**

New minimally invasive technique for repairing femoral hernias: 3-D patch device through a femoris approach (Lei and others) (Res) 177

**Prosthetic-related infections**

Periprosthetic joint infections at a teaching hospital in 1990–2007 (Renaud and others) (Res) 394

**Publishing**

Changes ahead for *CJS* (Warnock) (E) 363  
 Changements à venir pour le *JCC* (Warnock) (E) 364

–Q–

**Quality of health care**

Improving patient safety through the systematic evaluation of patient outcomes (Forster and others) (Rev) 418

**Quality of life**

Quality of life and surgical outcomes following laparoscopic surgery for refractory gastroesophageal reflux disease in a regional hospital (Hwang) (Res) 41

–R–

**Randomized controlled trials as topic**

Meta-analytic comparison of randomized and nonrandomized studies of breast cancer surgery (Edwards and others) (Res) 155

**Registries**

Overcoming barriers to population-based injury research: development and validation of an ICD-10–AIS algorithm (Haas and others) (Res) 21  
 Qu'est-ce qu'une erreur à déclaration obligatoire en chirurgie? (Harvey) (E) 150  
 Variable impact of complications in general surgery: a prospective cohort study (Bosma and others) (Res) 163  
 What is a reportable error in surgery? (Harvey) (E) 149

**Relief work**

1 Canadian Field Hospital in Haiti: surgical experience in earthquake relief (Talbot and others) (Rev) 271

**Remuneration**

Is Ontario medicine asleep at the switch (Harvey and Parent) (E) 291  
 profession médicale ontarienne sommeille-t-elle? La (Harvey and Parent) (E) 292

**Reoperation**

Early and late outcomes after cardiac retransplantation (Saito and others) (Res) (Published at *cma.ca/cjs* in December 2012)

**Reperfusion injury**

Inhibiting inducible nitric oxide synthase with rutin reduces renal ischemia/reperfusion injury (Korkmaz and Kolankaya) (Res) (Published at *cma.ca/cjs* in December 2012)

**Research design**

Practical Tips for Surgical Research. Confounding: What is it and how do we deal with it? (Braga and others) (CME) 132  
 Users' Guide to the Surgical Literature. Understanding confidence intervals (Cadeddu and others) (CME) 207

**Risk assessment**

Does direct transport to provincial burn centres improve outcomes? A spatial epidemiology of severe burn injury in British Columbia, 2001–2006 (Bell and others) (Res) 110  
 Effect of surgeon fatigue on hip and knee arthroplasty (Peskun and others) (Res) 81  
 Endstage arthritis following tibia plateau fractures: average 10-year follow-up (Mehin and others) (Res) 87  
 Management of ERCP-related small bowel perforations: the pivotal role of physical investigation (Dubez and others) (Res) 99  
 Prophylactic surgery prior to extended-duration space flight: Is the benefit worth the risk? (Ball and others) (Rev) 125  
 Review of the molecular profile and modern prognostic markers for gastric lymphoma: How do they affect clinical practice? (Alevizos and others) (Rev) 117

**Risk factors**

Practical Tips for Surgical Research. Confounding: What is it and how do we deal with it? (Braga and others) (CME) 132

**Rupture, spontaneous**

Postoperative recurrence of cystic hydatidosis (Prousalidis and others) (Res) 15

**Rutin**

Inhibiting inducible nitric oxide synthase with rutin reduces renal ischemia/reperfusion injury (Korkmaz and Kolankaya) (Res) (Published at *cma.ca/cjs* in December 2012)

–S–

**Self-assessment**

Resident self-assessment of operative experience in primary total knee and total hip arthroplasty: Is it accurate? (Trajkovski and others) (Res) S153

**Severity of illness index**

Elective and emergency abdominal surgery in patients 90 years of age or older (Racz and others) (Res) 322

**Sleep deprivation**

CAGS and ACS Evidence Based Reviews in Surgery, 42. Risks of complications by attending physicians after performing nighttime procedures (Chaudhury and others) (CME) 337

**Software**

use of apps in surgery, The (Warnock) (E) 77  
 Utilisation des “apps” en chirurgie (Warnock) (E) 78

**Space flight**

Prophylactic surgery prior to extended-duration space flight: Is the benefit worth the risk? (Ball and others) (Rev) 125

**Specialties, surgical**

Royal College White Papers: Assessment of Training. The Authors Reply (Harris and others) (C) E5  
 Surgical fellowship training in Canada: What is its current status and is improvement required? (Nousiainen and others) (Rev) 58

**Splenectomy**

Morbidity of hand-assisted laparoscopic splenectomy compared to conventional laparoscopic splenectomy: a 6-year review (Altaf and others) (Res) 227

**Splenomegaly**

Morbidity of hand-assisted laparoscopic splenectomy compared to conventional laparoscopic splenectomy: a 6-year review (Altaf and others) (Res) 227

**Stomach neoplasms**

impact of incidental gastrointestinal stromal tumours on patients undergoing resection of upper gastrointestinal neoplasms, The (Chan and others) (Res) 366

**Stress**

Is Canadian surgical residency training stressful? (Aminazadeh and others) (Res) S145

**Surgical mesh**

Meta-analysis of the effectiveness of prophylactic antibiotics in the prevention of postoperative complications after tension-free hernioplasty (Li and others) (Res) 27

**Surgical procedures, minimally invasive**

New minimally invasive technique for repairing femoral hernias: 3-D patch device through a femoris approach (Lei and others) (Res) 177

**Surgical procedures, operative**

CAGS and ACS Evidence Based Reviews in Surgery, 43. Operative blood loss, blood transfusion and 30-day mortality in older patients after major noncardiac surgery (Mastracci and others) (CME) 426

**Surgical stapling**

Endoloop versus endostapler closure of the appendiceal stump in pediatric laparoscopic appendectomy (Safavi and others) (Res) 37

**Surgical wound infection**

Surgical site infection prevention: a survey to identify the gap between evidence and practice in University of Toronto teaching hospitals (Eskicioglu and others) (Res) 233

**Sutures**

Endoloop versus endostapler closure of the appendiceal stump in pediatric laparoscopic appendectomy (Safavi and others) (Res) 37

–T–

**Task performance and analysis**

Canadian Association of University Surgeons' Annual Symposium. Surgical simulation: The solution to safe training or a promise unfulfilled? (Brindley and others) (Rev) S200

Préparation des chirurgiens canadiens à la prestation des soins au XXI<sup>e</sup> siècle (Warnock) (E) 220

Preparing Canadian surgeons to provide care in the 21st century (Warnock) (E) 219

**Telemedicine**

use of apps in surgery, The (Warnock) (E) 77

Utilisation des "apps" en chirurgie (Warnock) (E) 78

**Thoracic injuries**

Natural history of minimal aortic injury following blunt thoracic aortic trauma (Kidane and others) (Res) 377

**Thyroidectomy**

Hemithyroidectomy is the preferred initial operative approach for an indeterminate fine needle aspiration biopsy diagnosis (Chiu and others) (Res) 191

Safety of thyroidectomy and cervical neck dissection without drains (Abboud and others) (Res) 199

**Tibial fractures**

Endstage arthritis following tibia plateau fractures: average 10-year follow-up (Mehin and others) (Res) 87

**Time factors**

CAGS and ACS Evidence Based Reviews in Surgery, 41. Cost-utility analysis of early versus delayed laparoscopic cholecystectomy for acute cholecystitis (Dixon and others) (CME) 204

Comparison of lifetime incremental cost:utility ratios of surgery relative to failed medical management for the treatment of hip, knee and spine osteoarthritis modelled using 2-year postsurgical values (Tso and others) (Res) 181

Is Canadian surgical residency training stressful? (Aminazadeh and others) (Res) S145

Learning curve for laparoscopic totally extraperitoneal repair of inguinal hernia (Choi and others) (Res) 33

Prophylactic surgery prior to extended-duration space flight: Is the benefit worth the risk? (Ball and others) (Rev) 125

**Transportation of patients**

Does direct transport to provincial burn centres improve outcomes? A spatial epidemiology of severe burn injury in British Columbia, 2001–2006 (Bell and others) (Res) 110

**Trauma Association of Canada**

Trauma 2012. Trauma Association of Canada (TAC) Annual Scientific Meeting (Suppl) S33

**Trauma centres**

Influence of a province-wide trauma system on motor vehicle collision process of trauma care and mortality: a 10-year follow-up evaluation (Tallon and others) (Res) 8

Metastatic disease of the long bones: a review of the health care burden in a major trauma centre (Kelly and others) (Res) 95

**Treatment failure**

Comparison of lifetime incremental cost:utility ratios of surgery relative to failed medical management for the treatment of hip, knee and spine osteoarthritis modelled using 2-year postsurgical values (Tso and others) (Res) 181

**Tumour markers, biological**

Review of the molecular profile and modern prognostic markers for gastric lymphoma: How do they affect clinical practice? (Alevizos and others) (Rev) 117

–U–

**Ultrasonic therapy**

Monopolar electrocautery versus ultrasonic dissection of the gallbladder from the gallbladder bed in laparoscopic cholecystectomy: a randomized controlled trial (Mahabaleshwar and others) (Res) 307

**Users' Guide to the Surgical Literature**

Understanding confidence intervals (Cadeddu and others) (CME) 207

–V–

**Vascular endothelial growth factors**

Effect of different liver resection methods on liver damage and regeneration factors VEGF and FGF-2 in mice (Bönninghoff and others) (Res) 389

**Vesicoureteral reflux**

Endoscopic treatment of vesicoureteral reflux in children with subureteral dextranomer/hyaluronic acid injection: a single-centre, 7-year experience (Biocic and others) (Res) 301

**Voluntary workers**

Humanitarian cardiac care in Arequipa, Peru: experiences of a multidisciplinary Canadian cardiovascular team (Adams and others) (Res) 171

–W–

**Weight loss**

Predictors of attrition in a multidisciplinary adult weight management clinic (Gill and others) (Res) 239

**Work schedule tolerance**

CAGS and ACS Evidence Based Reviews in Surgery, 42. Risks of complications by attending physicians after performing nighttime procedures (Chaudhury and others) (CME) 337

**Workload**

Attending surgeon burnout and satisfaction with the establishment of a regional acute care surgical service (Helewa and others) (Res) 312

Effect of surgeon fatigue on hip and knee arthroplasty (Peskun and others) (Res) 81

Surgical fellowship training in Canada: What is its current status and is improvement required? (Nousiainen and others) (Rev) 58

**Wounds and injuries**

Overcoming barriers to population-based injury research: development and validation of an ICD-10-AIS algorithm (Haas and others) (Res) 21

**Wounds, nonpenetrating**

Natural history of minimal aortic injury following blunt thoracic aortic trauma (Kidane and others) (Res) 377
