Abdominal wall

Case Series. Scars and perforator-based flaps in the abdominal region: A contraindication? (Dragu and others) (CME) 137

Abstracts

Canadian Society of Surgical Oncology Sixteenth Annual Scientific Meeting, 211

Canadian Spine Society Tenth Annual Scientific Conference, June Suppl.

Canadian Surgery Forum, Aug. Suppl.

Trauma 2010: Trauma Association of Canada (TAC) Annual Scientific Meeting, April Suppl.

Accidents

International Surgery. Causes of hand injuries in a developing country (Ihekire and others) (Res) 161

Acute care surgery

Acute care surgery: a new strategy for the general surgery patients left behind (Ball and others) (QS) 84

Croissance dynamique du modèle de chirurgie en soins actifs (Warnock) (E) 77

Dynamic growth of the acute care surgery model (Warnock) (E) 76

General surgery 2.0: the emergence of acute care surgery in Canada (Hameed and others) (QS) 79

Adenocarcinoma

Effects of change in rectal cancer management on outcomes in British Columbia (Phang and others) (Res) 225

Adrenergic beta-antagonists

CAGS and ACS Evidence Based Reviews in Surgery. 34. Effects of β -blockers in patients undergoing noncardiac surgery (Mastracci and others) (CME) 342

Anesthetics, local

Topical nifedipine with lidocaine ointment versus active control for pain after hemorrhoidectomy: results of a multicentre, prospective, randomized, double-blind study (Perrotti and others) (Res) 17

Antibiotic prophylaxis

Adherence to perioperative antibiotic prophylaxis among orthopedic trauma patients (Lundine and others) (Res) 367

Noncemented total knee arthroplasty with a local prophylactic anti-infection agent: a prospective series of 135 cases (Assor) (Res) 47

Antibodies, monoclonal

Treatment of complex perianal fistulas in Crohn disease: infliximab, surgery or combined approach (Sciaudone and others) (Res) 299

Aortic aneurysm, abdominal

Morphometric analysis of anatomic variables affecting endovascular stent design in patients undergoing elective and emergency repair of endovascular abdominal aortic aneurysm (Kilian and others) (Res) 25

Arthroplasty

Experience with physician assistants in a Canadian arthroplasty program (Bohm and others) (Res) 103

Prospective clinical and radiographic results of CHARITÉ III artificial total disc arthroplasty at 2- to 7-year follow-up: a Canadian experience (Katsimilhas and others) (Res) 408

Arthroplasty, replacement, hip

Effect of sex and living arrangement on the timing and outcome of joint replacement surgery (Gandhi and others) (Res) 37

Provider volumes and early outcomes of primary total joint replacement in Ontario (Paterson and others) (Res) 175

Arthroplasty, replacement, knee

Computer-assisted navigation for the assessment of fixed flexion in knee arthroplasty (Gallie and others) (Res) 42

Dalteparin in total knee arthroplasty (Wiwanitkit) (C) E6

Effect of sex and living arrangement on the timing and outcome of joint replacement surgery (Gandhi and others) (Res) 37

Influence of sex on surgical time in primary total knee arthroplasty (Kosashvili and others) (Res) 256

Noncemented total knee arthroplasty with a local prophylactic anti-infection agent: a prospective series of 135 cases (Assor) (Res) 47

Provider volumes and early outcomes of primary total joint replacement in Ontario (Paterson and others) (Res) 175

relation between body mass index and waist-hip ratio in knee osteoarthritis, The (Gandhi and others) (Res) 151

Athletic injuries

7-year review of men's and women's ice hockey injuries in the NCAA, A (Agel and Harvey) (Res) 319

Attitude of health personnel

Experience with physician assistants in a Canadian arthroplasty program (Bohm and others) (Res) 103

role of surgeons in identifying emerging technologies for health technology assessment, The (Stafinski and others) (Res) 86

Bias

Practical Tips for Surgical Research. Blinding: Who, what, when, why, how? (Karanicolas and others) (CME) 345

Bile ducts

Melatonin ameliorates liver fibrosis induced by bile-duct ligation in rats (Tahan and others) (Res) 313

Biomedical research

call to the IDEAL, A (Graham) (QS) 150

Canadian researchers performing world-class research (Harvey) (E) 4

Practical Tips for Surgical Research. Research questions, hypotheses and objectives (Farrugia and others) (CME) 278

Recherche de calibre mondial au Canada (Harvey) (E) 5

Biomedical technology

Dramatic innovations in modern surgical subspecialties (Ball and others) (Rev) 335

role of surgeons in identifying emerging technologies for health technology assessment, The (Stafinski and others) (Res) 86

Blood loss, surgical

Dalteparin in total knee arthroplasty (Wiwanitkit) (C) E6

Body mass index

relation between body mass index and waist-hip ratio in knee osteoarthritis, The (Gandhi and others) (Res) 151

Bone nails

Clinical outcomes of midclavicular fractures treated with titanium elastic nails (Chen and others) (Res) 379

Breast diseases

Technology as a force for improved diagnosis and treatment of breast disease (Holloway and others) (Res) 268

Breast neoplasms

Technical factors, surgeon case volume and positive margin rates after breast conservation surgery for early-stage breast cancer (Lovrics and others) (Res) 305
